

ADMYX PUMPEASE

The Ultimate Concrete Pumping Lubrication Solution

ABOUT THE PRODUCT

Admyx PumpEase is a specially formulated product expertly crafted to serve as a specialized solution for lubricating concrete pumps, hoses, and pipelines before the commencement of concrete construction activities. Notably, it offers a cost-efficient alternative to slurry preparations traditionally relying on bagged cement. It creates a thin lubrication film inside concrete pumps, hoses, and pipelines to reduce friction and prevent blockages thus providing the following key features:

- Minimizes the likelihood of blockages.
- Enhances pumping efficiency by reducing friction and line pressure.
- Prolongs the lifespan of valuable, heavyduty equipment and its components.
- Effortlessly integrates into pumping equipment.
- Demonstrates eco-friendliness as a product.

APPLICATION

To mix Admyx PumpEase with water, you can use either a drum or the hopper of the concrete pump. First, reverse pump two strokes. Then, mix Admyx PumpEase and water for approximately 2 minutes or until the mixture assumes a greasy condition. Finally, add this mixture into the pump ahead of the concrete.

LIMITATIONS

During the pump start process, it is important to ensure that Admyx PumpEase does not come into contact with any of the desired fair faced concrete surfaces.

PRODUCT PROPERTIES

- Appearance : White powder
- Bulk Density : 700 - 800 g/l at 25°C

COVERAGE

| Pipe Length (m) | No. of packets | Water |
|-----------------|----------------|--------|
| Upto 50 | 1 | 30 kg |
| 50-100 | 2 | 60 kg |
| 100-150 | 3 | 90 kg |
| 150-200 | 4 | 120 kg |

Dosage is subject to the condition of pipelines. For absolutely clean and new pipeline 1 packet may be used up to 50 mtrs. of pipeline.

SHELF LIFE & STORAGE

Admyx PumpEase has an estimated shelf life of 24 months from date of production if stored in original, undamaged and sealed containers

MATERIAL SAFETY DATA

Adhere to safety guidelines: Wear PPE during mixing and application. In case of eye or skin irritation, rinse with ample water. Prevent dust inhalation.

PACKING

200 GM. PP Packets

Corporate Office

Room No. 8, 1st Floor, 23A Netaji Subhas Road, Kolkata, Pin. - 700001

Factory Office

Vill. - Jagadispur (Bakultala), P.O. - Bamangachi P.S. - Baruipur, Dist. - 24 PGNS (S), Pin. - 700145
